## BBH Solutions, Inc. Makes Inc. 5000 List for Third Consecutive Year

**New York, NY, September 2, 2010 - BBH Solutions, Inc.**, a leading New York City provider of converged network solutions and IT managed services, is pleased to announce that it has been named to the fourth annual Inc. 5000 list. The company ranks at number 3668, with a three year sales growth of 44%, marking the third consecutive year it has received the honor. The list represents the most comprehensive look at the most important segment of the economy—America’s independent-minded entrepreneurs.

“The leaders of the companies on this year’s Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression,” said Inc. president Bob LaPointe. “The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs.”

The 2010 Inc. 5000, which was unveiled August 24th on Inc.com, serves as a unique illustration of the profound changes taking place in the U.S. economy. Despite the fact that most of this year’s measuring period of 2006-2009 took place during the latest recession, aggregate revenue among the companies on the list actually increased to \$321.6 billion, up more than 50 percent from last year. The effects of the recession are seen, however, in the median three-year growth rate, which dropped to 96 percent from last year’s 126 percent. This year’s Inc. 5000 employ a record 1.4 million people, up from one million on last year’s list. With unemployment remaining stubbornly high, policymakers and business leaders will do well to look to the Inc. 5000 companies for fresh ideas on achieving growth and creating jobs.

“We’re honored to be one of only 410 New York City companies to make the Inc. 5000 list this year,” said Bruce Hoernecke, President and CEO of BBH Solutions, Inc. “We are especially proud to receive this recognition from Inc. Magazine for the third consecutive year, and during this challenging economy. The BBH Team is ready for future growth as we continue to align our focus on the voice, data, and video needs of the business community.”

BBH Solutions, founded in 1989, has made significant enhancements to its converged network offerings in recent years, with the addition of personnel to their IP Communications Practice and the formation of a full Audio Visual Practice. In 2009, the company partnered with IP Trade Networks to offer their IP Trading Turret solutions, which fully integrate with enterprise-class IP PBX systems such as Cisco Unified Communications Manager. In April 2010, BBH Solutions became one of the first BlackBerry Mobile Voice System (MVS) integration partners worldwide.

**About Inc. Magazine** - Founded in 1979 and acquired in 2005 by Mansueto Ventures LLC, *Inc.* is the only major business magazine dedicated exclusively to owners and managers of growing private companies that delivers real solutions for today’s innovative company builders.
